

OPTIATP®

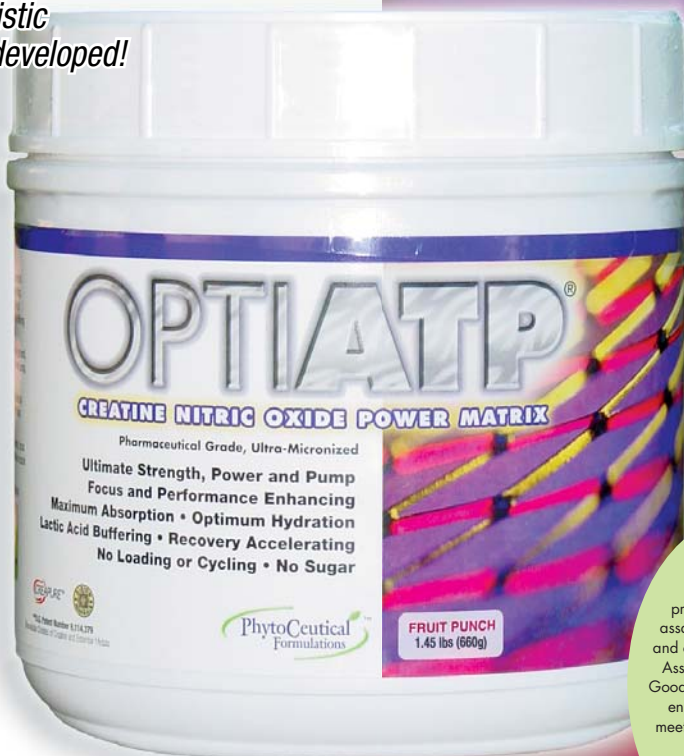

CREATINE NITRIC OXIDE POWER MATRIX

Pharmaceutical Grade, Ultra-Micronized

- Ultimate Strength, Power and Pump
- Focus and Performance Enhancing
- Maximum Absorption
- Optimum Hydration
- Lactic Acid Buffering
- Recovery Accelerating
- No Loading or Cycling
- No Sugar

Welcome to OptiATP®

*...the most advanced, synergistic
creatine product ever developed!*

Developed by and manufactured for

PhytoCultural Formulations, LLC
Mandeville, LA 70448

These quality **PhytoCultural Formulations™** products are thoroughly assayed for purity, potency and consistency. Our Quality Assurance Procedures and Good Manufacturing Practices ensure that each product meets our highest standards. All PhytoCultural Formulations products are manufactured in a GMP certified facility.

OPTIATP®

CREATINE NITRIC OXIDE POWER MATRIX

Pharmaceutical Grade, Ultra-Micronized

Welcome to **OptiATP®**... the most advanced, synergistic creatine product ever developed.

OptiATP® is the next generation in performance creatine and has been specifically designed to support all aspects of muscular energy production for greater power, performance, and recovery. The Creatine Nitric Oxide Power Matrix in **OptiATP®** provides the most cutting edge and scientifically supported complex to support maximum Creatine production and greater ATP synthesis, while enhancing effectiveness by buffering lactic acid and helping to speed recovery.

OptiATP® also overcomes the dehydration issue of creatine use by infusing the muscle with hydrating glycerol, as well as amino acids and electrolytes to ensure proper hydration for optimum performance, increased pump, protein synthesis and fat burning.

The Trans Cellular Insulin Potentiating Complex in **OptiATP®** provides known insulin mimicking nutrients to effectively deliver maximum creatine to the muscle eliminating the need to consume high glycemic index carbohydrates, known to increase the risk of fat accumulation and water retention.

The ingredients in the Performance Focus Matrix in **OptiATP®** work synergistically to enhance intensity, focus and overall performance and endurance, making **OptiATP®** one of the most efficient and effective lean muscle building formulas on the market today.

It is not necessary to load or cycle **OptiATP®** due to its efficient delivery, high bioavailability and unique buffering properties.

CITRUS SPLASH

| Supplement Facts | | |
|--|--------------------|--------|
| Serving Size: 22g (1 Scoop) | | |
| Servings per container 30 (660g) | | |
| | Amount Per Serving | %DV |
| Calories | 0 | * |
| Calories from Fat | 0 | |
| Total Fat | 0g | |
| Trans Fat | 0g | |
| Saturated Fat | 0g | 0% |
| Cholesterol | 0mg | 0% |
| Total Carbohydrate | 0g | 0% |
| Dietary Fiber | 0g | 0% |
| Sugars | 0g | |
| Protein | 0g | |
| Creatine Nitric Oxide Power Matrix from Creatine MagnaPower™ Creapure® creatine monohydrate, L-Arginine, Di-Arginine Malate, L-Leucine, L-Taurine, Potassium Glycerophosphate | 14.5g | * |
| Performance Focus Matrix Trimethyl Glycine (TMG), L-Tyrosine, Guarana, Niacin, B6, B12 | 3.2g | * |
| TCIP Complex Trans Cellular Insulin Potentiating Complex Alpha Lipic Acid, Banaba PE (1% Corosolic Acid) & Chromium (as Chromium Chelavite®) | 245mg | * |
| Niacin | 20mg | 100% |
| B6 | 20mg | 1,000% |
| B12 | 500mcg | 8,333% |
| Sodium | 0mg | |
| Potassium | 120mg | 3% |
| Magnesium | 200mg | 50% |

Percent Daily Values are based on a 2,000 calorie diet.
*Percent Daily Value not established. Your daily values may be higher or lower depending on your calorie needs.

OTHER INGREDIENTS: Swerve™, Citric Acid, Malic Acid, Lecithin, Beta Carotene, Natural Flavors.
