- IsoProzyme™ digestive enzymes for easy digestion & maximum Protein and Isoflavone utilization
- Delicious, creamy texture – mixes instantly

Naturally Delicious
No Sugar
No Artificial Sweeteners
or Flavors

OPTIPRO® S by PhytoCeutical Formulations is a unique and optimally blended source of soy proteins making it the ultimate functional protein supplement to enhance the benefits of any nutritional program. OPTIPRO® S the #1 choice as a functional food supplement, providing all the heart healthy and weight control benefits of soy protein without sacrificing flavor, and while providing a host of additional health benefits.

OPTIPRO® S has phenomenal flavor without the gritty, clumpy texture of other soy protein powders and **without any sugar**. Its ease of use and convenience is unparalleled because it mixes instantly in cold water. There is absolutely no need for a blender.

OPTIPRO® S is ALL NATURAL with no artificial flavorings or sweeteners and is available in Vanilla, Chocolate and Strawberry.

Sweve™
the perfect sugar alternative

OPTIPRO®

HEART HEALTHY

25 grams of soy protein a day, as part of a diet low in saturated fat and cholesterol, may reduce the risk of heart disease.
Each scoop of **OPTIPRO® S** protein powder provides 25 grams of soy protein.

PhytoCeutical Formulations introduces a revolutionary

all natural soy protein supplement, **OPTIPRO® S**.

OPTIPRO® S is specifically formulated to provide the known cardiovascular and hormone balancing effects of a high isoflavone soy protein with added functionality. **OPTIPRO® S** contains 25 grams of soy protein per serving, the amount recommended by the American Heart Association to reduce the risk of heart disease, and an average of 85mg of isoflavones per serving. The bone building effects of soy have been enhanced with the addition of calcium, magnesium, phosphorous and boron, while a specialized fiber blend provides improved absorption of these important nutrients. Selenium has also been added to enhance the anti-carcinogenic effects of the soy isoflavones. **OPTIPRO® S** is also fortified with IsoProzyme™, a highly specialized digestive enzyme designed to assist in the breakdown and absorption of protein while providing increased isoflavone utilization.

OPTIPRO® S is the #1 choice for anyone wishing to improve cardiovascular health, positively influence insulin and blood sugar control, enhance fat burning while preventing muscle loss, and manage both the symptoms and the long term needs of menopause, naturally.

For optimal flavor and desired protein content, mix 1 scoop of **OPTIPRO® S** for every 6-8oz of cold water or other liquid and shake or stir.
